AMERICAN CONSUL IS ASSAULTED IN CHINA

ATTACKED BY SEVERAL CHINESE AND JAPANESE IN MANCHURIAN CITY

New York, Dec. 28.—A special dispatch to the Evening Telegram from Tokyo, Japan, states that the American vice consul at Dalny, Manchuria, Adolph A. Williamson was assaulted at a fish market in Dalny last Friday by several Japanese and Chinese. It is said the affair will be reported to the state department.

State Department Notified
Washington, D. C. Dec. 28.—News of an assault upon Adolph A. Williamson, vice consul at Dalny in Manchuria, reached the state department nearly a week ago but in such a form as to cause the officials to regard the affair as of trifling significance.

He reported to the department that when he was viewing a fish market he was assaulted by two Japanese, but his message indicated that he had sustained no mark and he made light of the affair. Mr. Williamson is a native of the District of Columbia. The state department has taken no action in the matter in view of the fact that Mr. Williamson did not suggest any, nor will it do so unless it receives word from him further on the subject.

FEAR RACE RIOT IN MISSISSIPPI

POSSE AND NEGROES IN A BATTLE, TWO KILLED, THREE WOUNDED

Clarksdale, Miss., Dec. 28.—Two negroes were killed and three others wounded during an exchange of shots early today between a posse searching for the three farm hands who shot and killed W. W. Kirk and L. D. Kesse yesterday and a band of eleven negroes, believed to include the men sought. Tonight, additional posses are coming in the pursuit, and with racial lines closely drawn further bloodshed is not improbable.

The posse fired on was led by several officers from the Parchman convict farm and were following a pack of bloodhounds through a thick patch of undergrowth near the village of Fitzhugh in Sunflower county. When the party came within range of the negroes, the fusillade started and the latter were put to rout, after two of their number had been killed, two others were crippled and a negro 'trusty' who had charge of the found pack was seriously wounded. None of the posse, with the exception of the 'trusty' was injured. Later two negroes believed to have been members of the attacking party, were arrested and lodged in jail.

Kirk, Kesse and John Hodeau were shot from ambush when they approached a cabin occupied by three negroes, tenants on the farm of which Kirk was manager. It had been reported to Kirk that the negroes were preparing to abandon the farm and remove a number of farming implements. The party was on route to the negroes' home to investigate the report when they were fired upon.

Holt Simonson returned to Birmingham this afternoon after a visit here to relatives and friends.

Prof. J. A. Baxley returned to Greensboro yesterday afternoon.

"The still sow drinks the slop"
but who ever saw one?

The off season in marrying seems to be between Christmas and the first of January.

Nearly everybody is glad that Christmas is over, for they have some plans made for 1911, and want to be about them.

Make up your mind right now what you are going to quit on the first of January, for it will be here by the time you get your resolutions formed.

No, we don't make any more noise in this town than we are entitled to. We do put up a fuss at times, but we have the things here to back it.

We need that street sweeper now. It is to be in soon, and when it does, and gets to running every day, or at night rather, the streets of this town will be something attractive.

There seems to be no use in talking it, but we would like to see that little section of Troy street paved, before those paving bricks are moved out of town.

It will not be but a little while longer before one can start anywhere in Houston county and find a good road, down hill all the way there, and part of the way back.

Don't forget about the poll tax receipt when you pay your other taxes. You may think now you won't have any need of it, but you know how you got caught out once before. Take no chances, but take the poll tax receipt while you can.

You haven't but a day or two longer to brood over paying your taxes. The county is need of the funds, and the town has always been in a receptive attitude. Taxes you know are sure things. You might as well get them off your mind as early as possible. You will feel much better.

You who haven't thought much about the work on the government building, ought to get permission to go through. The work is progressing very well inside. You probably won't pay your box rent more than one more time in the old building. The furniture and fixtures have arrived, several car loads of them, and are being unloaded at odd times.

For years we have told the people of Dothan and Houston county, that if they wanted to get their friends and relatives to this section, the proper way to go about it was to send them The Dothan Eagle. One reading the happenings of this territory every week, or every day, for a year or so will come to think of this section as we do. Then they will close out and join us.

From now on real estate will pick up in this town, and in this county as it has never done before. There has been but little doing for the last few weeks, for people don't care about talking real estate, when they have a Santa Claus to look in the face. Now that all being behind us for the present, we will hear of the deals being made every day in farms and city property. The people who have the deeds recorded can be assured too, that when they they will get a profit.

And This Is the Time.
This town has spent a barrel of money of improvements during the present year. The improvements have been worth a good

the looks of things, but we ought to do our part as citizens, and clean up about our premises, and keep the place looking like the family hadn't gone off for a vacation.

This is a good time to put on some shade trees. It strikes us that we have mentioned this before, but it is a good subject to keep before you always, for a town is improved by many shade trees.

You might get out here and find a lot of swamp poplars that make pretty trees. They are not hard to make live, and if you don't want to do this, you can put out mean trees. They are trees that will not only make good shade in time, but will afford fruit that will pay for all of the trouble you give them.

Get busy, and put out some trees, if you don't do anything but set out an umbrella China, that some one has thrown away.

Not All Foreigners

A man never knows where real pleasure leaves off and trouble begins till he acquires a foreign son-in-law, according to the Emporia Gazette.

It is well enough to consider in the running, the homestead son and son-in-law, who if patiently and properly trained for the part, will serve every purpose as a trouble maker that the foreign product will.

The foreign growth can be bought off. You can cash in and stop the interest, if you work it right, for the foreigner never has any idea of trying to live happily with his wife, but rather, he uses her father's money to pay off his debts that have been allowed to run since he put on long pants, for some accountable cause. As soon as he is enabled to take up his due bills, and gets a new roof on the woodshed, he is off for a good time with the high flyers.

But not so with the homegrown son, or son-in-law. They are on hand every time the dinner bell rings, although in most instances the greatest amount of exercise they have taken during the day is to drill around a pool table, hour after hour, trying to pocket all the balls.

There are but few of this class. They are here probably to show that one can live without visible means of support.

Respectfully Referred To the Atlanta Papers.

The Memphis Commercial Appeal is considered a pretty good newspaper, and it is, but it showed a streak of cruelty when it got off the remark, about as follows: "What has become of the Teddy Bears and the Billie-Possums of yesterday?"

Atlanta papers, which are always wide awake, will please copy, or give us some information about the Billie Possum end.

When Taft came south, and "captured," some foolish people

thought that we had enough of the Teddy Bear foolishness, and they wanted to spring something new, and behold "Billie Possum" was launched. We remember reading an interview in the papers with some Atlanta lady, who claimed the distinction of making the discovery of the idea. She predicted that the fame of the Georgia possum was sealed, and it was, but the seal was put on long before Billie Taft ever came down and captured us.

Now if you want to hear the Atlanta papers say nothing, which is quite a feat, just mention their Billie Possum boom.

That is why the Memphis Commercial Appeal should have a certain feature about bringing up disagreeable subjects. It is like talking of one's kindfolks in one's presence, so far as its silencing effects goes.

Fakirs

You probably noticed in the press dispatches where some sharpers pulled the lamb's wool over the eyes of some people over in South Carolina the other day. They were two long-coated individuals with their celluloid collars buttoned on backward, with greasy and dented derbies, claiming to be Armenians, and missionaries. They wanted a collection taken up for them to send home, where an orphan asylum was badly needed. As is usually the case, they showed letters of endorsement from all of the prominent ministers they had come in contact with since getting out of New York. They so impressed their cause on the people of one town, till the local preacher made a pull for them on his congregation, and collected a bunch of money for them. Word was passed out that they were frauds, and hadn't been in the country they claimed to hail from. The next morning, when they were to call on the pastor for the money they didn't show up, but it was shown that they had the good sense to get out of town during the night, after smelling a mouse, or other animal matter in a high state of putrefaction.

They were just common tramps, fakirs, frauds, the same that have hit this town from time to time, asking for money to send to the old country for one cause or another, if nothing but to build some new stalls for the camels.

Whoever one enters your place of business and begins to show up credentials signed by various ministers, most of whom haven't made any investigations, call the dog right away, or put him on our trail.

The Talladega Home thinks that seven men of that section ordered whiskey for Christmas. There is no official record here, but it is generally thought that eight or ten people bought their Christmas whiskey and had it shipped by express.

OWN YOUR HOME.

Why pay exorbitant rents, when the same money will buy your home? Suppose you are paying \$25 per month rent. That's \$300 a year. Add \$200 to the rent, or \$16.67 a month, and you can have a home built on any lot you own and the home will be exactly like you want it.

We have two of those desirable lots on the corner of Newton and St. Andrews streets left. There are no more valuable lots for residences in Dothan and they are as cheap now as they will ever be. The owner will build homes for the buyers of these lots on the payment of one-fourth cash. The balance may be paid like rent.

Dothan has just entered upon the best era in its history. The new census places the city among the leading towns in Alabama and the next few years will witness such a growth as the most optimistic booster has not dreamed of. Property is cheap now to what it will be then. We have several pieces of business property at specially low prices. Let us show them to you.

A SPLENDID TONIC

Cora, Ky.—Mrs. Iva Moore, of this place says, "I was so weak I could hardly walk. I tried Cardui, and was greatly relieved. It is a splendid tonic. I have recommended Cardui to many friends, who tried it with good results." Testimony like this comes unsolicited, from thousands of earnest women, who have been benefited by the timely use of that successful tonic medicine, Cardui. Purely vegetable, mild, but reliable, Cardui well merits its high place in the esteem of those who have tried it. It relieves women's pains, and strengthens weak women. It is certainly worth a trial. Your druggist sells Cardui.

Take Care

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years."

J. W. Greer, Greenwood, La., suffered with a severe case of humbug. "The pains were so intense I was forced to hypodermic injections for relief. These attacks were started with a pain in the small of my back which gradually became fairly paralytic. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine, I am no longer bothered in any way by my old enemy humbug." For sale by N. H. McCallum.
